

Atlanta Portrait Photographer

Shutter Sweet Photography focuses on capturing you in the best possible way to showcase who you are and tell your story naturally. We specialize in creating stunning images in beautiful outdoor surroundings that share your story in an artistic way resulting in art that you want to hang on your walls or display on your coffee table. Led by Ashley Jones, the Shutter Sweet team focuses on providing the best experience and highest quality. Our professional photographers in Atlanta travel all over the world to capture weddings, portraits and life events and would be honored to work with you.

Ashley

I am passionate about capturing the world around me using photography to tell stories and make a difference. It was in 2005 and 22 rolls of film later, when I returned from a trip to Ukraine as the documentary photographer and realized that being a photojournalist is what makes me feel alive. Through a story-telling approach, I desire to create artwork for my clients, but I also long to take photos that cause people to take action, whether that is loving their family a little more or supporting a cause and helping others. With a BS in graphic communications from Clemson, I use my skill as a graphic designer and talent as a photographer, to produce beautiful creations for my clients and other causes.

Weddings

Shutter Sweet Photography is a company born out of a true love of romance, a passion for capturing soulful exchanges in relationships, and the ability to create crisp, timeless, authentic images. Through our unique and exclusive products, we offer our couples the option to take their wedding story beyond the pages of their hand-crafted album and into the artwork of their home.

Portraits

Shutter Sweet Photography isn't for everyone. We are a team of artists specializing in outdoor portraits who create artwork for our clients' homes. We provide high-end, custom products that you will be hard-pressed to find anywhere else. The people who hire us value quality, a full-service experience, as well as products that will become keepsakes for decades to come.

Life Events

If you have something special that is coming up, whether a baptism, birthday party or anniversary, we can help you capture those special moments and preserve your memories. Weddings are huge events that we are happy to capture, but in the grand scheme of life, it is one weekend out of your entire existence. As event photographers in Atlanta, we've captured a first breath and a last breath and everything in-between from birthday parties, anniversaries, bar mitzvahs, baptisms, and other major events in a lifetime.
